SECTION 1: EXECUTIVE SUMMARY

The Downtown Berkeley Property-Based Business Improvement District (“PBID”) was first formed in 2011 and renewed in 2016. Building on the success of the PBID over the last 15 years, Downtown property and business owners seek to renew the district for an additional 10 years. The Downtown Berkeley Association (DBA) board of directors has approved a new PBID Management District Plan that responds to market trends and respond to conditions that can be reasonably expected through the next ten years.

As part of the PBID renewal initiative, the DBA engaged Progressive Urban Management Associates (PUMA) to analyze downtown dynamics and prepare a Strategic Plan to help guide Downtown and the PBID for the next 10 years. More than 700 Downtown Berkeley stakeholders contributed to the strategic planning process, including property owners, merchants, nonprofits, residents, students and civic partners. The key takeaways from the strategic plan found that:

- Downtown has ongoing challenges related to the unhoused population and storefront vacancies.
- The DBA is under-capitalized to address these challenges and needs to build organizational and financial capacity to provide impactful solutions.

It was clear that Downtown stakeholders and the DBA have 4 clear objectives and goals:

1. Ensure Downtown is consistently clean, safe and welcoming
2. Attract, retain and support locally owned businesses and nonprofits
3. Bring residents and visitors Downtown to patronize businesses, nonprofits and the arts
4. Be the leading convener and advocate for Downtown Berkeley.

The new Management District Plan will provide services to help address these challenges and meet these goals. Specific enhancements to the Downtown improvement program include:

1. Continuation of current Clean, Safe, Beautification, Marketing & Activation services
2. Reinstating a Safety Ambassador program, and
3. Option of later adding a staff member solely focused on Economic Development and Placemaking.

Summary Management Plan

Pursuant to the Property and Business Improvement District Law of 1994 (California Streets and Highways Code § 36600 et seq.) (the “PBID Law”), the PBID is proposed to be renewed for a 10-year term. Upon receipt of petitions signed by property owners representing greater than 50% of the PBID assessable budget, the City will initiate a ballot procedure to officially form the PBID. Governed by the Downtown Berkeley Association as the Owners’ Association, the PBID will deliver enhanced services to improve and convey special benefits to properties located within the PBID boundary, above and beyond those provided by the City.

The PBID will provide enhanced environmental improvements and activities, such as cleaning the Downtown, improving safety, beautifying the Downtown; as well as economic vitality enhancements such as marketing, communications and special events. Each of the activities is designed to meet the goals of the District; to improve the appearance and safety of the PBID, to

increase building occupancy and lease rates, to encourage new business development and attract ancillary businesses and services.

Location	The District boundary encompasses the core of the Downtown area focused along the Shattuck and University Avenue corridors in Downtown Berkeley. To assess for the special benefit each parcel receives from the PBID activities, two benefit zones will continue. (See Section 2 for full description and boundary map.)
Services & Activities	The PBID will finance services that will enhance the experience within the Downtown area for property owners, businesses, residents, employees, and visitors, including: <u>Clean, Safe and Beautiful:</u> • Cleaning/Hospitality Ambassadors will provide sweeping, scrubbing and pressure washing sidewalks, litter and graffiti removal, trash removal, visitor information, merchant outreach, city services liaison, event support. • Homeless Outreach Ambassador will provide outreach and referrals for shelter and social services to unhoused persons in the district. • The Ambassadors and Economic Vitality team will provide beautification and placemaking improvements that make Downtown Berkeley more visually attractive, which may include enhanced landscaping, public art, holiday décor, signage, streetscape, planters, urban design, etc. • A new Safety Ambassador program will address public safety concerns, mental health crises, open drug use, and safety escorts, and work with local police and business and property owners to prevent crime and address quality of life issues. <u>Marketing & Activation:</u> • The Economic Vitality team will support Downtown Berkeley's evolution as a regional destination for arts, culture and entertainment, including: • Marketing and communications to support PBID activities and improvements and promote a positive image for Downtown Berkeley. • Special events and promotions to bring more customers and economic vitality to the Downtown. <u>Economic Development & Placemaking:</u> <i>(These services are proposed as an optional enhancement to the PBID, subject to DBA board approval, but are not included in Year 1 budget.)</i> • A new Economic Development Placemaking Manager will promote and support local business and property owners with a focused role on reducing empty storefronts, retaining and attracting businesses, compiling hyper-local market data, and other efforts that attract investment to the Downtown. • This new Manager will also focus on new placemaking programs to beautify Downtown and attract new investment and visitors to the

	Downtown including murals, window graphics/displays, sculpture, sidewalk seating/commerce and other activations. <u>Advocacy, Management & Contingency:</u> • The CEO and the DBA team will advocate for policy issues that will improve the Downtown business environment, • And demonstrate leadership through research and community education to represent the Downtown community with one clear voice, • And provide daily management to carry out the day-to-day PBID operations, • And manage contingency for unforeseen expenses.																														
Method of Financing	Levy of assessments upon real property that receive a special benefit from enhanced services.																														
Budget	The total budget for its first year of operations is \$2,917,537, as follows: <table><tr><th>EXPENDITURES</th><th>TOTAL BUDGET</th><th>% of Budget</th></tr><tr><td>Clean, Safe and Beautiful</td><td>\$2,234,962</td><td>76.60%</td></tr><tr><td>Marketing and Activation</td><td>\$438,672</td><td>15.04%</td></tr><tr><td>Management & Contingency</td><td>\$243,903</td><td>8.36%</td></tr><tr><td>Total Expenditures</td><td>\$2,917,537</td><td>100.00%</td></tr><tr><th>REVENUES</th><th></th><th></th></tr><tr><td>PBID Assessments</td><td>\$2,668,086</td><td>91.45%</td></tr><tr><td>General Benefit (1)</td><td>\$58,351</td><td>2.00%</td></tr><tr><td>Other Revenues (2)</td><td>\$191,100</td><td>6.55%</td></tr><tr><td>Total Revenues</td><td>\$2,917,537</td><td>100.00%</td></tr></table> (1) A certified engineer has estimated that the general benefit from the PBID services accounts for \$58,351 of the estimated budget. CPI Increase	Assessments will be subject to an annual increase of up to 5% per year to address changes in the cost of providing services. The determination of annual adjustments in assessment rates will be subject to review and approval by the PBID Owners' Association (i.e. the DBA Board of Directors) and City Council and will be subject to the requirements of the PBID Law. The Owners' Association will develop annual budgets and service programs each year which will be presented to the City Council for approval.
Optional Economic Development Boost	To add Economic Development / Placemaking services focusing on retail attraction, storefront activation, investment, placemaking and small business support to the PBID, the Owner's Association (i.e. DBA Board of Directors) may elect to boost the budget in any of the first five (5) years of the PBID but are not included in Year 1 budget.
City Services	The City has established and documented the baseline of pre-existing City services. The PBID will not replace any pre-existing general City services.
Collection	PBID assessments appear as a separate line item on the annual Alameda County property tax bills.
District Governance	The PBID will be managed by the Downtown Berkeley Association, a nonprofit organization that acts as the PBID Owners' Association. The Owners' Association is governed by a Board of Directors comprised of a majority of PBID property owners. The Board will determine PBID annual services and budgets.
District Formation	The PBID Law requires the submission of petitions signed by property owners in the proposed district who will pay more than 50% of the total assessments (i.e., petitions must represent more than 50% of the \$2,668,086 to be assessed). Petitions are submitted to the City Clerk, who then mails ballots to all assessed property owners. The majority of ballots returned, as weighted by assessments to be paid, must be in favor of the PBID for the City Council to approve the formation.
Duration	The PBID will have a 10-year term and will run from January 1, 2027, through December 31, 2036. Any subsequent renewal of the PBID will require a new Management District Plan, petition, and ballot process, and may be renewed up to 10 years.

SECTION 2: PBID BOUNDARY

PBID Boundary

The existing PBID district encompasses the core of the Downtown area along the Shattuck Avenue corridor bounded by Delaware Street to the north, Oxford/Fulton Streets to the east, Carleton Street to the south and Grant Street to the west.

Benefit Zones

For the past 15 years the PBID has been allocated into two benefit zones that align with pedestrian traffic and the need for the PBID services:

Premium Zone: Encompasses the central Downtown core and the area of highest intensity of use (blue parcels on the boundary map). The Premium Zone requires more services due to its high concentration of commerce, tourism, and public activity, where higher foot traffic and business density requires the highest level of PBID services. Its services include but are not limited to more coverage of the Cleaning/Hospitality Ambassadors, with more frequent patrols, pressure washing, and litter and trash removal. The deployment frequencies for the clean and safe services will be approximately double the service level in the standard zone.

Standard Zone: Includes all other parcels not included in the Premium Zone and is primarily parcels on the periphery of the Downtown core to the north, west and south (green parcels on the boundary map). These areas have less commercial density and pedestrian traffic than the Premium Zone and do not require the same level or frequency of the PBID services.

The South Shattuck sub-area within the Standard Zone Includes three blocks along Shattuck Avenue between Dwight Way and Carleton Street (green hatched parcels on the boundary map). This area will receive the same Standard Zone level of services from the PBID; however, this area is also located in the City's Adeline Corridor Planning Area. A new PBID may be formed within the Adeline Corridor Planning Area within the next ten years. If a new PBID is formed, property owners within this sub-area may opt out of the Downtown PBID and become part of a new PBID.

A map of the proposed district boundary and benefit zones is on the following page.

SECTION 3: PBID ACTIVITY AND IMPROVEMENT PLAN

Background

Informed by a participatory strategic planning process that included extensive community outreach (including stakeholder roundtables with property, business owners, residents, and neighbors; online surveys; and meetings with the DBA Board of Directors), the PBID priorities continue to be, and will expand upon, the following improvements and activities:

- ◆ Clean, Safe and Beautiful
- ◆ Marketing, Activation and Economic Development
- ◆ Management and Operations

The specially benefited parcels within the boundaries of the PBID are a unique mix of retail, office, services, government, education, non-profit, and residential uses. The PBID improvements and activities are designed to provide special benefits to each of the individual assessed parcels: to improve the appearance and safety of the area, to increase building occupancy and lease rates, to encourage new business development and support existing businesses, and to attract visitors to venues and events. All PBID improvements and activities are over and above the City's baseline of services, and each of the PBID services provides particular and distinct benefits to each of the individual assessed parcels within the PBID. To ensure that parcels outside of the PBID will not specially benefit from the improvements and services funded with the assessment, improvements and services will only be delivered to individual assessed parcels within the boundaries of the PBID and will not extend beyond.

Based upon these findings, the following narrative provides recommendations for the PBID's first year of operation. PBID activities may be amended in subsequent years within the following general categories. Final activities and budgets will be subject to the review and approval of the DBA Board of Directors (the PBID Owners' Association).

Clean, Safe and Beautiful

The area of top concern with stakeholders is providing services that will make Downtown more secure, functional, and attractive. Safety is foundational to any urban environment – for people to visit, work or live in the district, they expect a welcoming and comfortable experience. Hence, the PBID will be strengthened by adding Safety Ambassadors moving forward. The Management Plan provides funding for both Cleaning/Hospitality and Safety Ambassador programs including labor costs, management personnel, equipment and supplies. The Plan also includes funding for Homeless Outreach support to the unhoused population in Downtown Berkeley.

These activities and improvements are intended to improve commerce and the quality of life by making each individual assessed parcel safer, cleaner and more attractive, which will encourage investment dollars Downtown and generate additional pedestrian traffic. Clean, Safe and Beautiful activities specially benefit each individual assessed parcel, including commercial, government, parking, education, nonprofits and residential properties. Ensuring Downtown is clean, safe, and well-maintained is essential for supporting businesses, promoting economic vitality, and enhancing the overall experience for tenants, residents and visitors alike.

Cleaning/Hospitality Ambassadors

To maintain consistently clean standards in the District, the Cleaning/Hospitality Ambassador program will continue to provide services as it has for the past 15 years. The purpose of Cleaning/Hospitality Ambassadors is to provide cleaning, sweeping, scrubbing and pressure washing of sidewalks, trash and graffiti removal, as well as visitor information, merchant outreach, event support. The special benefit to parcels from these services is increased commercial activity, which directly relates to increases in lease rates and customer usage. Further benefits include cleaner, healthier streets, and an improved pedestrian experience. A multi-dimensional approach has been developed consisting of the following elements.

Sidewalk Maintenance: Uniformed, radio-equipped Cleaning/Hospitality Ambassadors sweep and remove litter and other refuse from sidewalks and gutters in the District and clean all public hardscape in the District such as trash receptacles, benches, and parking meters.

Graffiti Removal: The Cleaning/Hospitality Ambassadors remove graffiti using solvents and pressure washing. The District maintains a zero-tolerance policy for graffiti reachable at safe levels. The goal is to remove all accessible graffiti within 48 hours of notification.

Sidewalk Pressure Washing: Sidewalk pressure washing is provided on a regular schedule basis as per below schedule. Also, spot washing is provided daily throughout the District on an as needed basis.

Trash Collection

Cleaning/Hospitality Ambassadors top off trash cans as needed daily between pickups by the City. Trash receptacles are also cleaned and maintained regularly.

Landscape Maintenance: Cleaning/Hospitality Ambassadors maintain landscape areas including, circular planters, temporary planters and hanging baskets provided by the DBA. Tree wells are also maintained and kept free of litter and weeds and reported to the City for replanting dead or missing street trees.

Special Collections

Cleaning/Hospitality Ambassadors are also available to collect, and/or notify City for pick-up, bulky items such as bike carcasses, stolen shopping carts or other large items illegally dumped in the District.

Maintenance Problems Requiring Third Party Intervention

Cleaning/Hospitality Ambassadors also report to City problems in the District that create blighted or unsafe conditions, that are monitored but outside the scope of the District responsibilities. Types of problems include blocked or damaged sewers or drains, damaged sidewalks/streets/alleys, non-operating streetlights, damaged or missing street signs, etc.

Homeless Outreach Ambassador

The Homeless Outreach Ambassador engages with unhoused community members, builds trusting relationships, and connects people to critical resources such as emergency shelter, transitional and permanent housing, healthcare, mental health services, and substance abuse support. This outreach-driven approach is designed to reduce barriers to care, promote stability, and support individuals in navigating the path toward long-term housing and self-sufficiency. The Homeless Outreach Ambassador also responds to merchant and property owner requests for outreach at encampments at or near their business.

Safety Ambassadors (New service addition)

Safety Ambassadors will provide daily monitoring and patrol services. The Ambassadors will patrol regular routes by foot or bike and respond to on-demand service calls. The purpose of the Safety Ambassadors is to address safety concerns, mental health crises, open drug use, and safety escorts, and work with local police and business and property owners to prevent crime and address quality of life issues. The Safety Ambassadors will work to de-escalate anti-social behaviors and report illegal activities including criminal activities and vandalism. They also report maintenance issues and perform outreach to the unsheltered homeless. These Ambassadors, who act as the “eyes and ears” on the street will supplement, not replace, other ongoing police, security, and patrol efforts within the District. The Safety Ambassadors will maintain communication with the Berkeley Police Department, Code Enforcement, and Public Works with the intent of reporting illegal activity or an emergency infrastructure occurrence. The Safety Ambassadors will cover the entire District and communicate with businesses, visitors, residents, and employees within it.

Vision of Downtown Berkeley's future from DBA Strategic Plan survey

Beautification/Placemaking.

In addition to clean and safe services, the PBID budget may include funds for beautification and placemaking improvements that are defined as cosmetic enhancements that improve the appearance and walkability within the PBID, in turn encouraging customer traffic and improved quality of life for residents, workers and visitors alike. Examples of beautification improvements might include:

- Landscaping, planters, hanging flower baskets and other green elements
- Seasonal holiday decorations and banners
- Cosmetic capital improvements, including street furniture, information kiosks, pedestrian lighting and other amenities
- Wayfinding and directional signage to help visitors navigate through the Downtown
- Temporary and permanent public art installations
- Installation of bicycle racks and other amenities to encourage bicycle use
- Programming of public spaces, such as BART Plaza
- Planning and design processes to improve public spaces throughout the Downtown
- Other improvements as determined year-to-year by the DBA board of directors
- Other cosmetic enhancements that improve the PBID's appearance.

Marketing, Activation and Economic Development

Downtown Berkeley's unique character and appeal are shaped by its vibrant mix of small, locally owned businesses; nonprofit organizations that serve diverse communities and a rich array of arts and cultural venues. Like many cities across the country, Berkeley's storefront economy was hit hard by the pandemic and continues to face challenges amid ongoing recovery efforts and broader economic uncertainty. These conditions have strained local businesses and slowed or stalled new development, contributing to a high storefront vacancy rate in the Downtown area. While the DBA has long supported business and property owners, there is now a clear opportunity to strengthen and formalize this area of work within the organization.

Arts, Culture, Entertainment

A key goal is to advance Downtown Berkeley's evolution as a regional destination for arts, culture and entertainment. Downtown has a rich and varied collection of arts and cultural venues. The Berkeley Repertory Theater is one of the most acclaimed community theaters in the nation. The University of California's Berkeley Art Museum and Pacific Film Archive (BAMPFA) is also located Downtown. Other venues, featuring both live and visual arts, restaurants and other entertainment options, are sprinkled throughout the Downtown. Arts, culture and entertainment create a differential advantage for Downtown and add to the quality of life for Berkeley residents. The PBID

will provide leadership and programs to enhance Downtown's image as a unique arts and cultural destination.

Marketing and Communications

The marketing and communications efforts of the Economic Vitality team will be strengthened to support all components of the PBID Management Plan. Overall, the Marcom program will promote the vision of the Downtown as the dynamic heart of the Berkeley community, inspiring commerce, culture, learning and stakeholder engagement. Additionally, the team will create awareness of environmental services program including cleaning, hospitality, safety, beautification and placemaking changes being made to improve the Downtown. Marcom related to the economic development portion of the work program will: advance the image and branding of the Downtown; highlight the unique startup ecosystem and the arts, culture and entertainment character of the Downtown; attract new and returning visitors to Downtown to live, work, eat, drink, play, engage, and be inspired; promote local businesses, cultural venues and nonprofits; support new investment opportunities for retail, office and housing; and promote easy and affordable access via transit and parking. The DBA Vitality team may also develop and promote events, often with strategic partners, that aligned with the Downtown vision and mission, bringing residents and visitors from the entire Bay Area to Downtown Berkeley.

Economic Development & Placemaking (potential new initiative)

Many place management organizations provide dedicated support to property owners and commercial brokers in attracting new retail, nonprofit, office, arts and culture ventures to their downtowns, by offering services such as technical assistance workshops, one-on-one permitting and licensing guidance, block-by-block commercial market data (foot traffic, local versus chain composition, price trends, etc.), storefront improvement grants, pop-up retail opportunities, and connecting entrepreneurs with local resources and funding opportunities. These activities aim to enhance Downtown Berkeley as a center for unique startups, shopping, food & drink, arts and entertainment while also meeting the growing needs of residents and employees. This area will focus on providing support services to help businesses thrive, such as a new advocacy and liaison role to navigate permitting processes. In addition many business improvement districts provide dedicated support for placemaking projects on both private and public property attracting visitors and new investment to the Downtown, including murals, sculpture, window film, signage, enhanced landscaping, and pop-up art. Advancing Downtown Berkeley's status as a unique destination for startups, arts, culture, shopping, and dining, with a blend of one-of-a-kind local and national tenants, in a welcoming and creative pedestrian oriented environment, is a clear priority for Downtown stakeholders.

Leadership

The PBID will support research and community education efforts that help to evaluate the impacts of public policies and issues on the Downtown business and investment climate. The PBID will

support efforts to advance policies that improve the overall quality of life and economic and cultural vitality of the Downtown. The PBID will also inform stakeholders of various policy initiatives and how they can engage in City and other agency processes, so their voices are heard and considered. The PBID may also partner with other local and regional organizations to more effectively achieve stakeholder goals.

Management, Operations & Contingency

Like any business, the PBID requires a professional staff to properly manage programs, communicate with stakeholders and provide leadership. To reduce administrative costs, leverage funding and avoid duplication of enhanced services, this plan anticipates that the DBA will continue to manage and provide the day-to-day PBID services. PBID funds can be further leveraged by sponsorships from special events, service contracts, advertising & promotions, grants, parking revenues and earned income. This professional staff represents the District's interests in advocacy and relationships with local government and media, in addition to coordinating and complying with all contractual obligations to the City of Berkeley and vendors. In support of these efforts, funding is allocated to pay for contract services; office, operations and storage rent; furniture, equipment and supplies, telephone/internet access; legal and accounting services; travel and conference expenses; insurance (workers compensation, general liability and directors/officers' liability); dues/subscriptions; and database maintenance. Personnel expenses include salaries, benefits and payroll taxes.

Reserve: An operating reserve will be maintained for the PBID as determined annually by the Board of Directors. The reserve can also be utilized as a contingency fund to address unforeseen expenses.

SECTION 4: PBID ASSESSMENT BUDGET

2027 PBID Assessment Budget

The following table outlines the PBID maximum assessment budget for 2027.

EXPENDITURES	TOTAL BUDGET	% of Budget
Clean, Safe and Beautiful	\$2,234,962	76.60%
Marketing and Activation	\$438,672	15.04%

Other Revenues (1)	\$191,100	6.55%
Total Revenues	\$2,917,537	100.00%

(1) Revenues from events, contract services and other sources

Budget Adjustments

Assessments will be subject to an annual increase of up to 5% per year to address changes in the cost of providing services. Assessment budgets may also increase based on development in the PBID. The determination of annual adjustments in assessment rates will be subject to the review and approval of the DBA Board of Directors, serving as the PBID Owners' Association.

The table below illustrates the estimated maximum budget for each year of the PBID based on the maximum percentage increase discussed above.

	Clean, Safe and Beautiful	Marketing and Activation	Management	TOTAL
Year 1	\$2,234,962	\$438,672	\$243,903	\$2,917,537

Year 9	\$3,302,057	\$648,118	\$360,356	\$4,310,531
Year 10	\$3,467,160	\$680,524	\$378,374	\$4,526,057

Economic Development & Placemaking Boost: To add economic development services focusing on retail attraction, storefront activation, placemaking and small business support to the PBID, the Owner's Association (i.e. Downtown Berkeley Association) may elect to boost the budget in any of the first five (5) years of the PBID. The chart below illustrates the impact of this boost to the budget, beginning in Year 2. *Note: Year 2 budget reflects both the maximum 5% increase plus the additional cost adding in economic development.*

	Clean, Safe and Beautiful	Marketing and Activation	Management	TOTAL
Year 1	\$2,358,746	\$314,888	\$243,903	\$2,917,537
Year 2	\$2,476,684	\$543,209	\$256,098	\$3,275,990
Year 3	\$2,600,518	\$570,369	\$268,903	\$3,439,790

Year 6	\$3,010,424	\$660,274	\$311,289	\$3,981,987
Year 7	\$3,160,946	\$693,288	\$326,853	\$4,181,086
Year 8	\$3,318,993	\$727,952	\$343,196	\$4,390,141
Year 9	\$3,484,943	\$764,349	\$360,355	\$4,609,648
Year 10	\$3,659,190	\$802,567	\$378,373	\$4,840,130

Any accrued interest or delinquent payments will be expended in the above categories. The cost of PBID improvements and activities may vary in any given year depending on market conditions and the cost of providing those services. Expenditures for each of the line items may be adjusted up or down 20% between them to continue the same level of service. The DBA Board of Directors shall make such a determination. In addition, any annual budget surplus, including those created through cost saving measures, unexpected reductions in expenses or unanticipated increases in income, will be rolled into the following year's budget. The budget will be adjusted accordingly consistent with the Management District Plan to adjust for surpluses that are carried forward to ensure that the PBID is spending these funds in a timely manner and is complying with applicable State laws and City policies. Any change in line-item expenditure and/or budget surplus will be approved by the DBA Board of Directors and submitted in the annual report, pursuant to Section 36650 of the State Law.

PBID Renewal

PBID funds may be used for renewing the district in 2037, or earlier if determined by the Board of Directors, to hire a consultant and pay the city administration fees to create a new management plan, initiate a petition drive, and assessment ballot initiative.

Bond Issuance

No bonds will be issued to finance improvements.

SECTION 5: ASSESSMENT METHODOLOGY

General

This Management District Plan provides for the levy of assessments for the purpose of providing improvements and activities that specially benefit real property in the PBID. These assessments are not taxes for the general benefit of the City but are assessments that convey special benefits to each individual assessed parcel for which the improvements and activities are provided.

Assessment Factors

The method used to determine proportional special benefits are measured by each parcel's lot square footage plus building square footage. Each parcel's proportional lot size and building square footage represents each parcel's proportional special benefit compared to other parcels within each respective benefit zone. Lot square footage is relevant to the best use of a property and will reflect the long term special benefit implications of the improvement district. Building square footage is relevant to the interim use of a property and is utilized to measure short and mid-term impacts.

Lot Square Footage Defined. Lot square footage is defined as the total amount of area within the borders of the parcel. The borders of a parcel are defined on the County Assessor parcel maps.

Building Square Footage Defined. Building square footage is defined as gross building square footage as determined by the outside measurements of a building.

Parcel Use Considerations

The methodology provides the following treatments for property used exclusively for residential, nonprofit and government, and parking structures:

- **Treatment of Residential Property:** Residential uses will fully benefit from the Clean, Safe and Beautiful services and will pay a full share of these services; however, Economic Development services will not benefit residential uses, and the residential rate is adjusted accordingly. The residential building square footage portion of commercial and mixed-use parcels will be subject to the adjusted residential assessment rate.
- **Assessment Policy on Nonprofit & Governmental Properties:** Properties that are exempt from property tax, including educational and governmental institutions, and nonprofit organizations (e.g. faith-based, low income housing, cultural, community services, etc.), will not benefit from increased commercial activity resulting from PBID services and thereby will receive reduced benefits from PBID services. An owner of real property located within the PBID boundaries may reduce their assessment if ALL the following conditions are met:
 1. The property owner is a nonprofit corporation that has obtained federal tax exemption under Internal Revenue Code section 501c3 or California franchise tax-exemption under the Revenue and Taxation Code Section 23701d.
 2. The class or category of real property has been granted an exemption, in whole or in part, from real property taxation.
 3. The nonprofit or governmental property owner occupies a majority of building square footage within the subject property.

4. The property owner makes the request in writing to the City of Berkeley prior to the submission of the PBID assessment rolls to the Alameda County Assessor (to accommodate periodic changes in ownership or use, on or before July 1 of each year), accompanied by documentation of the tax-exempt status of the property owner and the class or category of real property.
5. The City of Berkeley may verify the documentation of tax-exempt status and classification of the property for assessment purposes prior to submitting the assessments to the County Assessor.

If ALL of these conditions are met, the amount of the PBID assessment to be levied will be for three-quarters (75%) of the Clean, Safe and Beautiful services. In addition, these parcels will not benefit from the Economic Development services and thus will not be assessed for these services.

Treatment of Parking Structures: Parking structures receive different levels of benefit from PBID improvements and services based upon their use and ownership. Parking structures will be subject to one of the following methodologies:

- a. Parking structure square footage that is integrated within and/or dedicated to a building, has the same ownership as the building, and the building has uses in addition to parking where parking is just an ancillary use, does not receive benefit from the PBID services and therefore square footage of the parking structure will not be assessed.
- b. Stand-alone parking structures that are not ancillary to a building will receive the full benefit from PBID improvements and activities and will be assessed at standard assessment rates.

Benefit Units

Using the benefit zones and assessment factors described above we assign benefit units to each specially benefitted parcel. The total number of assessable Square Footage (SF) benefit units in the PBID are as follows:

Benefit Zone	Assessable Units
	Lot + Building SF
Premium Zone	
Commercial	6,208,030
Residential	2,630,490
Tax Exempt & Government	3,600,390
Total Premium Zone	12,438,910
Standard Zone	
Commercial	2,165,251
Residential	1,888,365
Tax Exempt & Government	1,840,319
Total Standard Zone	5,893,935
TOTAL:	18,332,845

Assessment Methodology

The proportionate special benefit each assessed parcel receives shall be determined in relationship to the entirety of the capital cost of the PBID improvements and activities. Due to the proportionate special benefits received by these individual parcels from the PBID services, these parcels will be assessed at a rate which is proportionate to the amount of special benefits received. Only special benefits are assessable, and these benefits must be separated from any general benefits. As required by the State Constitution Article XIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the PBID activities and improvements that are not special in nature, are not “particular and distinct” and are not over and above the benefits that other parcels receive. The attached Engineer’s Report has calculated that 2.0% of the PBID activities may be general in nature and will be funded from sources other than special assessments, see Section E of the Engineer’s Report for discussion of special and general benefits.

Calculation of Assessments

Based on the assessment budget, benefit zone, land use type, and assessable benefit units, all of which are discussed above, the following tables illustrate the maximum first year annual assessment per assessable benefit unit. Note, assessment rates are rounded off to the fourth decimal place and a parcel’s assessment may vary slightly when calculated using the assessment rates below.

Benefit Zone Adjustments: The assessments are adjusted to reflect anticipated service frequencies within each of two benefit zones:

- The Premium Zone, which includes the core of the PBID, provides a higher frequency of environmental enhancements.
- The Standard Zone, which includes areas on the periphery to the north, west and south, including the South Shattuck sub-area, offers a lower frequency of environmental enhancements.
- Commercial properties in both service areas will equally benefit from marketing, activation and economic development enhancements.

The resulting assessment calculation by service and benefit zone follows:

Assessment by Service	Per Sq.Ft. of Lot + Building
Clean, Safe and Beautiful: Premium Zone	\$ 0.2463
Clean, Safe and Beautiful: Standard Zone	\$ 0.1232
Marketing and Activation (commercial only)	\$ 0.0778

Assessments rates by Benefit Zone and land use type will not exceed the following amounts during the first year of the renewed PBID:

Assessment Rates	Per Sq.Ft. of Lot + Building
Premium – Commercial	0.3241
Premium – Residential	0.2463
Premium - Tax Exempt/Govt	0.1848
Standard – Commercial	0.2010
Standard – Residential	0.1232
Standard - Tax Exempt/Govt	0.0924

Premium Zone - Sample Parcel Assessments

Commercial Parcel Assessment

To calculate the assessment for a commercial parcel in the Premium Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0.3241 = \\ \$5,671.75 \text{ total annual parcel assessment.}$$

Residential Parcel Assessment

To calculate the assessment for a residential parcel in the Premium Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0.2463 = \\ \$4,310.25 \text{ total annual parcel assessment.}$$

Tax Exempt/Government Parcel Assessment

To calculate the assessment for a tax exempt/government parcel in the Premium Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0.1848 = \\ \$3,234.00 \text{ total annual parcel assessment}$$

Standard Zone - Sample Parcel Assessments

Commercial Parcel Assessment

To calculate the assessment for a commercial parcel in the Standard Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0.2010 = \\ \$3,517.50 \text{ total annual parcel assessment.}$$

Residential Parcel Assessment

To calculate the assessment for a residential parcel in the Standard Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0.1232 = \\ \$2,156.00 \text{ total annual parcel assessment.}$$

Tax Exempt/Government Parcel Assessment

To calculate the assessment for a tax exempt/government parcel in the Standard Zone with 10,000 lot square feet + 7,500 building square feet, its total parcel assessment is calculated as follows:

$$(10,000 + 7,500) \times \$0.0924 = \\ \$1,617.00 \text{ total annual parcel assessment}$$

Public Sector Participation

Existing City Services

The City Council, by adopting this plan, will confirm its intention to ensure an existing level of services in the District equivalent to the level that is being provided elsewhere in the City. Assessment funds will pay for services that are above and beyond those services provided by the City.

Rationale for Public Property Assessments

Proposition 218 states that no parcel is exempt from assessments if that parcel receives benefit from the improvements and activities. This includes government and Public use parcels. The City of Berkeley and any other government owned parcels within the PBID boundary will pay their assessment based on the special benefits conferred to those parcels. All publicly owned parcels specially benefit from the PBID activities as they make each assessed parcel cleaner, safer, more attractive, and economically vibrant. Specifically, these parcels specially benefit from: removing graffiti from their buildings, patrolling their sidewalks, connecting the homeless to available resources, cleaning up any debris or trash, pressure washing the sidewalks, beautifying the public right-of-ways, and increasing business development.

Therefore, government uses are assessed for the special benefits they receive from the PBID activities. The assessment methodology to allocate the cost of these improvements is consistent with all other land uses in the district: lot square footage plus building square footage as explained above.

Annual Assessment Adjustments

During the 10-year term assessments will be subject to an annual increase of up to 5% per year to address changes in the cost of providing services. Assessment budgets may also increase based on development in the PBID.

The Maximum Annual Assessments are shown below:

	Year 1	Year 2	Year 3	Year 4	Year 5

Economic Development & Placemaking Boost: To add economic development services focusing on storefront activation, placemaking and small business support to the PBID, the Owner's Association (i.e. Downtown Berkeley Association) may elect to boost the budget in any of the first three years of the PBID. The chart below illustrates the impact of this boost to the assessment rates, beginning in Year 2. *Note: Year 2 rates reflect both the maximum 5% increase plus the additional cost adding in economic development.*

PBID Guidelines

Time and Manner for Collecting Assessments

As provided by State Law, the District assessment will appear as a separate line item on annual property tax bills prepared by the County of Alameda. The City of Berkeley and/or the DBA may direct bill the first year's assessment for all property owners and may direct bill any property owners whose special assessment does not appear on the tax rolls for each year of the PBID term.

The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Alameda. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

However, assessments may be billed directly by the City for the first fiscal year of operation or for changes to assessments that occur during an assessment year and are prorated for a part of the year, and then by the County for all subsequent years. Any delinquent assessments owed for the first year will be added to the property tax roll for the following year as delinquent. These

assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax. The property owner means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the County. The City of Berkeley and/or the DBA is authorized to collect any assessments not placed on the County tax rolls, or to place assessments, unpaid delinquent assessments, or penalties on the County tax rolls as appropriate to implement this Management District Plan.

Disestablishment

State law provides for the disestablishment of a PBID pursuant to an annual process. The 30-day period begins each year on the anniversary day that the City Council first establishes the PBID. Within this annual 30-day period, if the owners of real property who pay more than 50% of the assessments levied submit a written petition for disestablishment, the PBID may be dissolved by the City Council. The City Council must hold a public hearing on the proposed disestablishment before voting on whether to disestablish the PBID.

Duration

The PBID will have a 10-year term commencing January 1, 2027, through December 31, 2036. Any major modifications or new or increased assessments during the term of the PBID that are not consistent with the provisions of the original Management District Plan will require a new mail ballot process.

Future Development

As a result of continued development, the PBID may experience the addition or subtraction of assessable footage for parcels included and assessed within the PBID boundaries. Parcels with a change in the building square or lot square footage need to provide notice of the change to the District by April 1st of each year. The future year's assessments will reflect the change.

Assessment Appeal Procedure

Property owners may appeal assessments that they believe are inaccurate. Appeals must be in writing, stating the grounds and providing proof of the appeal and filed with the DBA Board of Directors, serving as the Owners' Association prior to April 1 of each year. The Owners' Association shall review the appeal and will determine if the information provided warrants an adjustment to the assessment. Appeals shall be limited to the current assessment year. Any appeal not filed by April 1 shall not be valid. In any case, appeals will only be considered for the current year and will not be considered for prior years.

Implementation Timeline

The Downtown Berkeley PBID is expected to be renewed by July 2026 for inclusion of parcel assessments on the County of Alameda 2026/27 tax roll with an implementation date of the Management District Plan on January 1, 2027. Consistent with State law, the PBID will have a 10-year life through December 31, 2036.

SECTION 6: PBID GOVERNANCE

City Council

Following the submission of petitions from property owners representing more than 50% of the assessments to be paid, the City Council, upon holding a public hearing on the proposed PBID, may elect to renew the PBID. The PBID is renewed by a City Council resolution, including the levy of an assessment on property, if the assessment is first approved by parcel owners in a balloting process.

PBID Governance

The PBID Law establishes a governance framework that allows property owners who pay assessments the ability to determine how the assessments are used. This Management District Plan may be subject to changes if required by the state of California or the City of Berkeley.

The PBID shall continue to contract with the Downtown Berkeley Association (DBA), a nonprofit organization that acts as the Owners' Association and governing board for the PBID. The role of the Owners' Association is consistent with similar PBIDs and management organizations throughout California and the nation. The Owners' Association determines budgets, assessment adjustments and monitors service delivery. As part of the Management Plan, the nonprofit organization oversees the delivery of day-to-day PBID activities. The PBID Owners' Association Board of Directors will represent a cross section of property owners found throughout the district.

Brown Act & Public Records Act Compliance

The Owners' Association is subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association must act as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Board of Directors of the Owners' Association and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

Annual Report

The Owners' Association shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650. The annual report is a prospective report for the upcoming year and must include:

1. Any proposed changes in the boundaries of the PBID or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. The estimated cost of providing the improvements, maintenance, and activities to be provided for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

SECTION 7: ASSESSMENT ROLL

The total assessment amount for FY 2026/27 is \$2,668,086 apportioned to each individual assessed parcel, as follows.
